WEATHER OF CONCERN

Northern California

- High winds are forecast to continue across far northern California today.
- Strong winds will make travel difficult, especially for high profile vehicles.
- Power outages and downed trees are possible with strong winds.

Southern California

- A very large and long period west-northwest swell will continue across the southwestern California waters through Tuesday. This event will likely bring the largest surf of the season so far.
- Damaging warning level surf will continue through Tuesday morning across the Central Coast.

WEATHER SYNOPSIS BY REGION

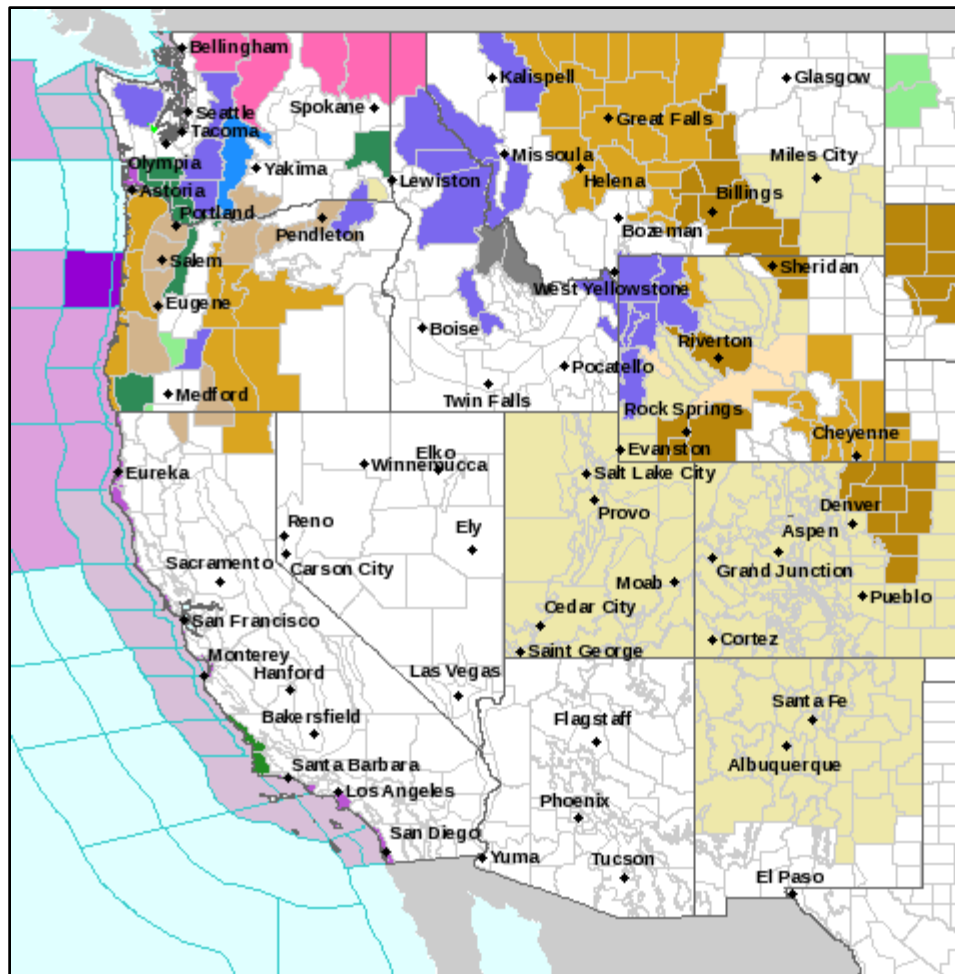

NORTHERN CALIFORNIA

- Strong winds over far northern California will make travel difficult, especially for high profile vehicles. Power outages and downed trees are possible with strong winds. Rain will be confined to the northern coastal areas and mountains of far northern California. No significant precipitation impacts expected.
- Another storm system will move through northern California on Thursday and Thursday night. No impacts are expected for the burn scar areas. Snow can be expected over the mountains during this time period which may impact travel.

SOUTHERN CALIFORNIA

- Dry conditions with no significant impacts expected.
- Potential for offshore winds continues for the middle of this week, with lower humidity for inland southern California areas and periods of gusty Santa Ana winds.
